

Sales Tax and Resale Certificates

We collect sales tax in certain states where we have sales tax nexus. If you notice sales tax on your invoices or are getting started with us and want to ensure you have a valid resale certificate on file, please email us at:

resale@paradisepictures.com

Provide your Customer ID and contact information, and we will review your account and send you the Resale Certificate forms we need you to complete to prevent us from having to collect sales tax in your state. If you deliver your products to multiple states, please share the states you deliver to, and we will send everything you need to complete for us.

Thank you for trusting us with your business.

A handwritten signature in black ink that reads "Scott Neal". The signature is fluid and cursive, with the first name "Scott" and last name "Neal" clearly distinguishable.

Scott Neal
